### ***A Message from Mayor Annette Iafallo – An Update on Covid 19 in Lackawanna***

*As we all know, Covid 19 is impacting every community across the country. At present, the number of confirmed cases in Erie County is 463 – including 4 in Lackawanna. Unfortunately this number is projected to grow as more test results become available in the days ahead.*

*Our thoughts are with all who are impacted by Covid 19 – especially our fellow citizens who were diagnosed. We wish them a speedy and full recovery.*

*My message today is short but important:*

- Together, 'let's use our heads to stop the spread!' Unless absolutely necessary, PLEASE stay home. Don't congregate anywhere, including parks and playgrounds.*
- Continue to follow the protocols and precautions communicated over the past several weeks – especially with respect to social distancing.*
- Take full advantage of alternative ways to secure medical assistance, prescriptions, and food.*
- Remember bank/credit union branch offices are conducting most business through ATM's and drive-through lanes – with only scheduled appointments conducted inside. With April 1 being tomorrow, this may result in added wait times, especially during peak hours.*
- Most importantly, look out for each other – as we are all in this together!*

*I will provide more information as it becomes available.*

*Stay Home. Stay Safe. And, God Bless.*

*Annette*
